Emergency Contraceptive Pill (ECP) Training

Audioconference or Auckland Evening Workshop

Training for Accreditation or Training Refresher

Presented by Dr Christine Roke of the NZ Family Planning Association

Only pharmacists who are accredited by the Pharmacy Council are able to supply the ECP without prescription. The College of Pharmacists provide the training programme which allows pharmacists to become accredited providers of the ECP. **Interns** are able to undertake the ECP training course but only if they are within 2 months of their expected date of registration. However, even after an intern successfully completes the course, registration must be successfully attained in order to become an accredited provider of the ECP with the Pharmacy Council.

NEW "Refresher" Option: Did you train and gain ECP accreditation 5 or more years ago? Or, have you forgotten some of the details of training such as: when in the cycle, conception is unlikely and you don't need to supply, how effective is the ECP if taken within 12h versus 72h of UPSI, what are the risks related to repeated ECP use?

Pharmacists who are ALREADY ECP accredited may enrol for this audioconference for a special refresher rate of $50pp. Listen in and refresh your knowledge and you may just learn something to gain ENHANCE credits! Refresher rate includes a copy of the current training manual. (NB: Accreditation status will be checked)

Name: _____

Postal Address: _____
(full postal address for sending course materials)

PSNZ Membership No:_____ Pharmacy Council Reg No:_____

Telephone (daytime): _____ Fax: _____

Email Address: _____

Enrolment Options and Fee: (freephone log-in instructions for audioconference will be provided)
