

For International Students Applying for a Work Permit

The EVOLVE Intern Programme Application is due by the 31 October.

If you are currently an International Student with a Student Visa you may send us a copy of your Student Visa at this stage. Once you have received your Work Permit you are required to send us a copy of this.

You should be able to apply for a Work Visa once you have signed an employment contract. Please allow plenty of time to get this organised as you will be required to provide a copy of your Work Permit to the Pharmacy Council in order to Register as an Intern Pharmacist and be issued with an Annual Practicing Certificate. You will need a Work Permit before you can commence the EVOLVE Intern Programme no later than the 1st February. We advise you to start getting your documents organised for your Work Permit as soon as possible as it can take time to gather all the documents that Immigration will need. Please do not leave this to the last minute.

If you need assistance please contact Immigration New Zealand or go to the website for more information. www.immigration.govt.nz
