1992	Influence of advertising on consumer choice of restricted medicines	Erin Wolfenden
1994	What can community pharmacies offer people with asthma? A study of community pharmacies in Dunedin	Norina Abdullah
1994	Comparisons of the <i>In Vitro</i> dissolution profiles of commercially available carbamazepine tablets	Ruby Chan
1994	An <i>In Vitro</i> model for assay of anti-HIV agents	Angus Forster
1995	Self care in home parenteral nutrition	Paula Cantwell
1995	Traditional and innovative role activities of NZ pharmacists	Michelle Ward
1995	Monitoring methadone maintenance	Anna Matthew
1996	Therapeutic interventions in the Southland Comprehensive Pharmaceutical care project	Rachel Clarebut
1996	Bupivacaine gel in Tubal ligation procedures	Sonia Chand
1996	Stability testing of solid dose forms	Yun Kong
1997	No details	
1998	No details	students Clare Strachan, Ranil Appuhamy, Jian Zhang
2000	Rural summer studentship Far Northland	Carley Bird
2000	Rural Summer studentship Gore - Where the heart is	Cameron Wilson
2001	Preventing unintentional injury from children's medicines	Abdul-Qani Mohamed
2001	Formulation of microemulsions containing either heptane or pentane	Jung-Yoon Huh supervisor T Pitaksuteepong
2001	Pharmacists' views on extended prescribing role	Agnes Huang
2001	Infrared spectroscopic investigations of sugar alcohols	Chris Leggett
2002	Newborn Pig Skin As An In Vitro Model For Human Skin Permeability	Yuanis Purwo
2002	Microencapsulation of Vitamin B12	John Thrupp
2002	Changes In Rat Hepatic Enzyme (Cyp2E1) Activity Over Time Following the Exposure to Pine Bedding	Soo Eng Lee
2003	Effects of US legislation on children's access to medicines in other countries	Joanne Grieve supervisor June Tordoff
2003	Audit of discharge information supplied to GPs for patients initiated on proton pump inhibitors in hospital	Noor Abdul Muhsin
2003	People's perspectives on universal electronic medical records	Andrea Boustead
2003	Teaching of aseptic dispensing in the UK, USA, Australia and NZ	Louise Lord
2003	Pictograms in pharmacy: pretesting of pictograms used on dispensed medicines.	Sulakshi de Silva

SUMMER STUDENTSHIPS

Approved	Subject	Researcher
2003	Investigating variation in the duration of interactions between staff and customers	Brendon Jiang
2004	"The use of liquid medicines by paediatric patients: A survey of parents and caregivers"	Darren Svirskis, El-fadil Kardaman
2004	Personal Genetic Testing Kits in NZ: What is the role of the community pharmacy?	Toonywit Fly, ING-ARAM Lorealle Lam
2004	An investigation into proton pump inhibitor use in primary care	El-Fadil Kardamann
2004	Changes in availability of medicines for children in the United Kingdom 1998 to 30 Jun 02	Komathi BALAKRISHNAN
2005	Investigation into new & novel ion channel blockers	Shin Wei Chan supervisor J Tyndall
2005	Chinese people's knowledge & use of antibiotics in the Dunedin Community	Lynn Cheong Supervisor P Norris
2005	Availability for medicines for children	Larisa Young Supervisor J Tordoff
2005	Contributions to rational drug use by community pharmacists	Ka-Hwa Sur Supervisor T Kairuz
2006	Advertising of medicines in New Zealand	Lynn Cheong Supervisor: James Green
2006	Patients' preference for pharmacist's appearance and mode	Gregory Gn Supervisor: James Green
2006	Comparing access to medicines for children in New Zealand and the United Kingdom	Tina Baik Supervisor: Mrs June Tordoff
2006	No Blame or Fair Blame: Pharmacists' attitudes towards dispensing errors -	Sarah Case Supervisors: Sanyogita Ram & Dr E Finn
2006	The Management of Irritable Bowel Syndrome with Nutraceuticals"	Nicola Seto Supervisors: Dr Nataly Martini & Prof Gil Hardy
2006	NZ Community pharmacists' experiences and professional practices with herbal and complementary medicines and users of these products	Jenny Han Supervisor: Assoc Prof Joanne Barnes
2007	Identifying medication wastage	Gregory Gn Supervisor: Rhiannon Braud
2007	An evaluation of electronic databases when used for systematic reviews	Sharyn Young Supervisor S Duffull
2007	Benzyl alcohol exposure during haemodialysis	Bronwyn Williams Supervisor N Medicott
2007	NZ pharmacists's views, behaviour and ethical issues with respect to complementary medicines (CMs)	Lena Estrin supervisor J Barnes
2007	An audit of the use of drugs at the Mercy Hospital	Komal Kirti supervisor D Williams

2008	To investigate the extent of private health insurance coverage of medicines in New Zealand. For example, to find out whether insurers cover prescription medicines and under what conditions.	Bill Liu
2008	Characterization of liquid systems: Effect of additive size in liquid crystalline behaviour.	Sharon Yang
2008	Herceptin: Does knowledge predict attitude	Lillian Woung
2008	Safe Measurement and Administration of Enteral Feeds and Liquid Medicines in New Zealand.	Felix Li
2008	Evaluation of an Annual Medicines Review model in a Residential Care Setting Background	Jae Gon
2008	Increasing access to cardiovascular risk assessment through community pharmacies: Exploring the public's and GP's perceptions	Belinda Robinson
2009	Investigating the efficacy of the Aseptic Production Unit at Dunedin Hospital in relation to the manufacture and supply of chemotherapeutic medicines	Sarah Qi
2009	Direct to Consumer advertising of medicine in New Zealand	Sashika Samaranayaka supervised by Dr James Green
2009	Comparing the impact of pharmacist-led medication reviews in Australia and the United Kingdom	Harry Zheng

SUMMER STUDENTSHIPS

Approved	Subject	Researcher
2009	Investigations into the stability and compatability of new olive oil and fish oil emulsions in paranteral nutrition admixtures.	Leo Chang; supervised by Prof Gil Hardy and Ms Derryn Gargiulo
2009	Increasing access to cardiovascular risk assessment through community pharmacists.	Belinda Robinson; Supervised by Ms Monica Zolezzi and Prof John Shaw
2009	How do pharmacy assistants risk in making product choices.	Jade Xiuyuan Zhang; supervised by Dr Fiona Kelly and Ms Maree Jensen
2010	Pharmacy Assistants: quantifying factors that affect decision making	Nazia Hossain
2010	Improved parenteral drug delivery system for a poorly soluble drug	Kathleen Yin
2010	Antioxidant delivery to the lens for prevention of cataract formation	Ayesha Vadia
2010	Evaluation of the effect of erythroprotein on the lifespan of red blood cells	Suchaya Sanhajariya supervised by Prof Stephen Duffull
2010	Evaluating pharmacist-led education sessions for nurses on administering medicines via feeding tubes	Harry Zheng supervised by June Tordoff & Lorraine Welman
2010	Where do people store medicines and why?	Campbell Hewson & Chong Chi Shen supervised by Pauline Norris
2011	New Medical Entities (NMEs) launched: how swiftly are they licensed and in suitable formulations for children	Campbell Hewsen
2011	A nomogram for fat-free mass	Michelle Park
2011	Characterisation of the alkaloids in pukatea bark (<i>laurelia novae-zealandiae</i>) and their potential as dopaminergic agonists	Matthew Cross
2011	The Medwise Model - is it working in the Bay of Plenty?	Amanda Polwin
2011	Treating the common cold, is it driven by evidence or belief?	Nicholas Kuan
2011	Preparation of polypyrrole particles by emulsion polymerisation	Abdulah Abdulqadir
2012	Clinical Pharmacist in General Practice - analysis of medicines therapy assessment (MTA) reviews by clinical pharmacists working in General Practice	Peter Yoo
2012	Improving drug loading into liposomes	Linda Duxfield
2012	Clinical Pharmacist in General Practice - exploring three models	Susan Wilson
2012	Sedative load of medicines taken by community-dwelling people aged > 75years in New Zealand	Catherine Fletcher
2012	Effect of moisture on the stability of amorphous drug alone and in combination with polymer	Sharon Yiu
2012	A new prodrug release strategy for tumour-targeted drug delivery	Jess Fairhall
2013	Investigating the factors associated with frequent presentation at the emergency department of Middlemore Hospital	Hui-Yen Hew
2013	Problems and interventions for patients enrolled in the Long-Term Conditions service	Annie Chen
2013	In-vitro characterisation of a polymeric implant for localised, sustained drug delivery	Lisa Wong
2013	Preparation of low density particles by spray drying	Matthew Cross
2013	Utilisation of proton pump inhibitors among older people in New Zealand	Leanne Soo

SUMMER STUDENTSHIPS

Approved	Subject	Researcher
2013	What services do New Zealand community pharmacists provide	Tilley Carroll
2014	Assessing prevalence of co-occurring alcohol and medication use in community-dwelling older adults	Gaius Tan
2014	Fabrication of a drug loaded 3D scaffold over which polypyrrole can be electropolymerised	Murad Al-Gailani
2014	Culturally competent pharmacy practice with respect to consumers with disabilities: Exploring the perspectives of people with an intellectual impairment or learning disability	Robert Haua
2014	Medicines use amongst people with diabetes	Ha-Lam Jeong
2014	Model-based estimation of glomerular filtration rate	Isabelle Kuan
2014	Optimising the use of vitamin D supplementation in pregnant women and their infants	Fang Juinn Yu
2015	How do patients get triaged in community pharmacy	Rukshar Gobarani
2015	Feasibility analysis to use modern imaging techniques to enhance student understanding of dosage form behaviour in the body	Jordan Hinton
2015	Are New Zealand children receiving the proper dose? - An investigation into dose accuracy of extemporaneously compounded formulations	Rebecca Urquhart
2015	A model for the proximal renal tubule	Natalie Fleming
2015	Insulin regimen for newly diagnosed children and adolescents with Type 1 Diabetes - A survey of current practice in Australia and New Zealand	Dharrshinee Selvakumar
2015	Recognising and managing pain in people with dementia	Jane Wei
2016	"Pharmacy as a career choice. Analysis of the University of Auckland student pharmacy cohorts over the last 10 years	Jessica Harrington
2016	Exploring the relationship between cysteine, cotinine and craving for cigarettes	Ernest Cheah
2016	Investigating the sustained release properties of 3D Printed Polyethylene Vinyl Acetate (EVA) Implants	Taskeen Iqbal Janjua
2016	The medical/surgical closure of patient ductus arteriosus – a survey of current practice in Australia and New Zealand	Laura Dowd
2016	Neonatal hyperglycaemia management – a survey of current practice in Australia and New Zealand	Priyanki Ghandi
2016	Improved gentamycin delivery through intravenous lines for neonates	Yuk Hin Shin

SUMMER STUDENTSHIPS

Approved	Subject	Researcher
2017	Systematic reviews of harms posed by the injection of non-parenteral and "tamper-proof" pharmaceutical preparations. Application of risks posed by the misuse of pharmaceuticals currently marketed in New Zealand	Suri Yan
2017	Formulation and characterization of novel peptide loaded hydrogel for topical delivery	Oliver Wilson
2017	Effect of excipients on the stability of the extemporaneously compounded levothyroxine oral liquid	Paula Donamae Dela Cruz
2017	"Living with Medicines" in New Zealand	Charlotte Brenkley
2017	A model for warfarin reversal using Vitamin K	Anna Cao
2017	An evaluation of prescription abandonment in New Zealand	Hannah Potter
