

#RxTechDay

PHARMACY TECHNICIAN DAY

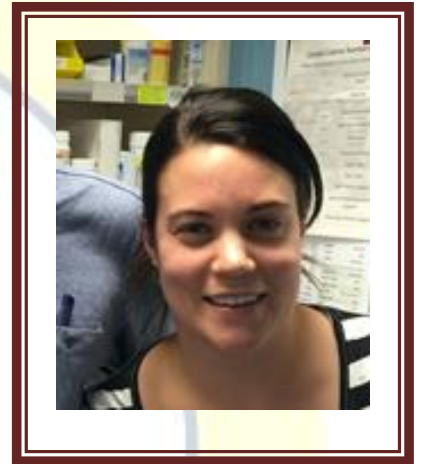

TUESDAY, OCTOBER 16, 2018

Celebrating the **Essential Role** of the **Pharmacy Technician**

This year we have decided to celebrate the Essential Role of the Pharmacy Technician by profiling Pharmacy Technicians from all over New Zealand! This is a fantastic opportunity to highlight the fantastic work that we are doing and to help us connect with pharmacy colleagues at home and abroad.

We spoke with **Michelle Jennings, Pharmacy Accuracy Checking Technician (PACT), MidCentral District Health Board**

What do you enjoy most about being a Pharmacy Technician?

That every day is different. There are no two days that are the same in hospital pharmacy. Also that there is always an opportunity to progress with continuing education, keeping it interesting and exciting!

Tell us why your role is essential to your organisation and/or profession

It has allowed our department to put more pharmacists on the wards, where we can provide a better patient centred service to the public.

How will you be celebrating Pharmacy Technician Day this year?

With cake!

Do you have anything else you would like to say to us?

Happy Tech Day!
