Pharmaceutical Society of New Zealand - Pharmacist of the Year 2020

The Pharmaceutical Society of New Zealand Award for Pharmacist of the Year was first made in 2012 and recognises achievement in, through, and by an individual pharmacist who has given outstanding service to the pharmacy profession and the New Zealand Health service.

Do you know someone who;

- Consistently demonstrates excellence in professional clinical pharmacy practice by providing high quality clinical pharmacy services that improve patients outcomes;
- Raises the profile and role of the clinical pharmacist; and
- Provides a model of practice that others strive to emulate.

Award nominees can be from any of the Pharmacy sectors, community, hospital, working from within a PHO, or as a consultant service but must be a Society Member. They will have led by example through their advocacy, ongoing, consistent, and significant work. Their achievements are an inspiration to those pursuing innovative practice; to those striving to raise standards and to pharmacists who, through their professionalism, provide models for others in related disciplines, educational institutions, and government, industry and community service.

The Award of Pharmacist of the Year is based on a significant achievement in an area of excellence within the year or a recent period.
