Programmes Pharmacist - Maternity Cover Fixed Term Contract

College Education & Training

Are you an experienced pharmacist looking to move into a role in education? Are you passionate about providing quality education and training to the pharmacy profession?

The College Education and Training business unit (the College), at the Pharmaceutical Society provides continuing education and accreditation courses to its members.

The College is advertising for a fulltime pharmacist to work at the Wellington office from approximately 27th January 2020 – 20 March 2021.

The Role

In this role you will organize, develop and provide courses primarily to Society members. You will liaise and contract external trainers in the development of the annual programme, review and update existing courses and programmes and obtain sponsorship where applicable.

You will ensure accurate and timely marking and reporting of course assessments and continually support Society members in their education needs. In many cases, the training and support will enable your colleagues to provide specific services to their local population. You will facilitate webinars and present content throughout the year and research and write selected workbooks.

To be successful in this role, you will:

- Have more than 5 years pharmacy experience as a NZ registered pharmacist
- Have a strong interest in education
- Be digitally literate (due to most content being online)
- Have a high level of professionalism, be highly organized, a competent communicator and have a can-do attitude
- Be comfortable working independently and also as part of a wider team
- Have an understanding of how people learn
- Have high level of writing skills
- Be comfortable working under pressure
- Be passionate about supporting the pharmacy profession.

A post graduate qualification in clinical pharmacy preferred however not essential.

Prior experience in education and training preferred however not essential.

This is a fixed term full time role covering maternity leave beginning 27th January 2020.

The role is based in the Society Wellington office.
