

Pharmacy Accuracy Checking Technician (PACT) Training Programme

Final Checker Signature Log

This signature log is required for assessors to know which pharmacist was responsible for checking the PACT Dispensing Log.

Certified PACTs can accuracy check the 200-item Dispensing Log.

Please ensure all pharmacists and PACTs who are involved with the final check of the Dispensing Log at your pharmacy complete the details below.

Send this completed log to PSNZ when you send in the pre-acceptance Dispensing Log.
